

How to enter the GPS monitoring section?

Each page of the Website has a top menu.

The first item is **“GPS Monitoring”**. Click on it.

You will go to the information page of the monitoring section.

Information page structure.

Top horizontal menu:

- **View all trackers** - go to the monitoring map, where all connected trackers are displayed.
- **Connect tracker** - add a new tracker to your account.
- **Manage trackers** - go to personal area → GPS monitoring settings, “Management” tab.

Favorites

The central part of the page is occupied by 4 small windows. They are designed to quickly view the location of your most important trackers.

You can also view 4 additional devices, press “**Show second block**”.

For adding the devices to favorites:

- Click on the big plus sign inside any of the boxes.
- Select from the list of connected trackers the one that will be displayed in the window.
- Now you can quickly see where the tracker is located without going to the map.

If you want to go to the full map, click on the “**Full screen**” link located under the window.

If you want to remove the tracker from the window, click the “**Delete**” link

Useful information

Horizontal menu:

- **Available models** - find out the list of models working with our monitoring platform
- **Plans** - view platform plans
- **Section instructions** - go to this instruction
